EUROPEAN YOUTH PARLIAMENT SERBIA  
**13th ALUMNI TRAINING**  
APPLICATION FOR TRAINERS

# INTRODUCTION

Dear all,

We are thrilled to be organising the 13th annual Alumni Training of our National Committee. It will take place from the 10th to the 12th of November in Niš, with Ms. Sofija Savić as the Head Organiser.

The Alumni Training consists of two parts, the first taking place on November 10th and the other one on November 11th and 12th. During the first part, both new and old alumni members gather to meet each other and connect while attending workshops on the structure of the National Committee, the BNC and other structures within the EYP Network, as well as evaluate the work of EYP Serbia and discuss its' future. The second part consists of chairing, organising and media team trainings for new members, as well as older and more experienced ones.

The event will gather around 90 trainees, and trainers lead by the Head of Trainers of the event - Ms. Tetiana Korniichuk from Ukraine

Best regards,  
The Board of EYP Serbia

## VISION

This year, the training is designed in a way that it suits both more and less experienced members of EYP Serbia. There streams will be organised: for Chairpersons, Organisers and Media Team Members, each on a **basic and advanced level**. Alongside the Head of Trainers, the Trainers will be fully involved in developing the content of the training.

- BASIC TRAINING

This training course is aimed at EYP members interested in becoming officials but with little or no experience. The aim of the training is to provide the participants with the essential tools, knowledge, and confidence to become an official at EYP events, such as Regional and National Sessions.

- ADVANCED TRAINING

This training course is aimed at EYP members with greater experience in the chosen sphere, with aspirations to take on higher positions (Vice-Presidents, Presidents, Editorial Assistants, Editors, Core Organisers and Head Organisers). It

should provide more in-depth content, not usually covered during classic CJO trainings.
